Certified Security Awareness 2

LEVEL 100 FOUNDATION
C)SA2
INFOSEC FOUNDATIONS
mile2

The Mile2® Certified Security Awareness 2, C)SA2, course is to help the student take organizational cyber awareness to the next level. Attendees will understand the security threats that are associated with a company culture. Specifically designed for managers, the Certified Security Awareness 2, C)SA2, delves into how to respond to a breach, the legal requirements for response, and how to prevent future breaches. The Certified Security Awareness 2 course provides lower and executive management a window as to the techniques of malicious hackers as well as the counter response controls management can implement to detour a major compromise.

The C)SA2 is a part of our Foundational Course Path

understand basic cybersecurity knowledge to keep companies' IP and IT infrastructure safe.

Re-Certification Requirements

All Mile2 certifications will be awarded a 3-year expiration date.

There are two requirements to maintain Mile2 certification:
1) Pass the most current version of the exam for your respective existing certification
2) Earn 20 CEUs (*Continuing Education Units*) per *year*. You may submit your CEUs in your Mile2 inbox. These CEUs must fall under "Qualify Continuing Educational Activities).

Visit our certification renewal page for more information.

Assessment and Certification System ("MACS"), which is accessible on your mile2.com account.
