

Description:

This course enhances leadership skills and organizational acumen. Targeted at mid-to-senior level managers and executives, this course empowers participants with advanced strategies in leadership, change management, and effective communication.

This course explores core aspects of organizational behavior, leadership ethics, and strategic decision-making. It is facilitated through a blend of online modules, interactive workshops, and real-world case studies.

Participants will learn to master critical thinking, improve team dynamics, and drive innovation within their organizations. The course also includes a unique mentoring component, pairing learners with seasoned leaders to foster practical insights and personalized growth. Upon completion, graduates receive the Mile2 Certified Organizational Leader designation, recognizing their enhanced capabilities and readiness to tackle complex challenges in today's dynamic business environment.

Starting Annual Salary Potential \$75,000 AVG/year
